

THE OHIO STATE UNIVERSITY

Putting Ergonomics Into Practice

The OSU Ergonomics Short Course

October 3rd - 6th
2017

Columbus, Ohio

Conducted by:
Institute for Ergonomics
The Ohio State University

Register online, at
<http://ergonomics.osu.edu>

The course does a great job at keeping you interested.

Justina Blanton, Ergo System Owner
JM Smucker Co

All instructors were passionate, professional, and down-to-earth.

Steve Schneider, Area Sales Manager
Konecranes Canada

I feel the course structure was laid out effectively to give a mix of class-room and hands-on/"go-see" activities.

Misty Wies, Health & Safety Specialist
Toyota Motor Manufacturing, Indiana

Increase Your Ergonomics Knowledge

- Important principles, taught through lectures, case studies, in-class demonstrations, and hands-on exercises.
- The biomechanical and physiological bases of musculoskeletal disorders.
- Assessment tools to objectively evaluate work processes.

Improve Work Operations

- Reduce expensive and debilitating occupational injuries.
- Boost safety and efficiency, through enhanced designs of work environments, assembly lines, and tools & equipment.
- Increase productivity and quality, your company's profitability, and employee job satisfaction.

See Why Your Colleagues Choose *this* Course

- Concepts are taught in a **systematic** way, to first provide participants with a solid ergonomics foundation and then show how these concepts apply across various types of work.
- Materials are continually **updated** with recently published ergonomics research, newly developed assessment tools, and useful electronic resources.
- **Nationally recognized ergonomists** are your instructors, who have advanced academic degrees and professional ergonomics certification, as well as decades of applied ergonomics consulting experience.

Earn 2.4 CEU credits

The Ohio State University Office of Extended Education offers OSU CEUs based upon industry standard calculations for Continuing Education Units.

This course is especially useful for:

- Safety & health professionals
- Healthcare workers
- Engineers
- Risk and loss control specialists
- Managers and supervisors
- Union representatives
- HR and workers' compensation personnel

Scheduled Course Topics

- Workplace Biomechanics
- Addressing Body Size Differences Among Employees
- Ergonomics Assessment Tools to Improve Workplace Design
- Solving Low Back, Shoulder, and Hand & Wrist Problems
- Returning Injured Employees to Work
- Determining Return-on-Investment from Ergonomics Interventions
- Effectively Implementing Ergonomics Changes
- Developing a Successful Ergonomics Process

Additional Course Activities

- Tour Ohio State's Spine Research Institute / Biodynamics Laboratory and the Center for Occupational Health in Automotive Manufacturing (COHAM)
- Use state-of-the-art ergonomics equipment and assistive devices

Cost

The registration fee for *Putting Ergonomics into Practice* is \$1,495 per person. This includes a comprehensive Course notebook electronic copies of ergonomics assessment tools and reference materials, a copy of *The Occupational Ergonomics Handbook*, 2nd edition (a 2,000 page reference manual and \$275 value), and break refreshments.

To register and pay by check, complete the attached form and return it to the address listed. Or, sign up at <http://ergonomics.osu.edu>. Payment must be received before the course begins.

Discounts: A \$50 discount is given to all individual registrations received by September 8th, 2017. Groups who register three or more persons from the same organization at any time also receive the discounted rate of \$1,445 per person.

Cancellation Policy: Registration substitutions may be made at any time; please notify us as soon as possible if this is required. A service fee of 15% is charged if cancellation occurs more than one week prior to the course. Participants who cancel less than one week prior to the course or who do not attend after registering are liable for the entire fee.
